If NT this is why:

Your boat has been examined by the BSS Examiner above against the category of checks relevant to the class of vessel indicated above. The BSS Examination is a way of verifying that your boat meets your navigation or harbour authority's minimum safety requirements. The requirements help reduce the risks of fire starting & spreading, explosions, pollution and carbon monoxide poisoning. Visit boatsafetyscheme.org for more information.

BSS Certificate

Did the boat meet all the applicable minimum safety Requirements?

Yes

If yes, the expiry date is 12/10/2026

Was a warning notice issued? **No** Was the Examination terminated? **No**

See examiner's comments for details, if 'Yes' is the answer in either field.

The full details of any Checks that have not passed and why, are given in the examiner's comments section which is attached if relevant. Any Check item that is marked with an 'R' (Required) must be addressed in order for the boat to pass.

If a pass is reported, this document can be considered a receipt-style certificate. However, it is the entry of this information on the central BSS database, and not this examination report, that will be used by your boat licensing authority to confirm that your boat has passed its BSS examination.

A BSS Examination is NOT a full condition survey of a vessel - to understand the scope of a BSS Examination and the nature of the Examination Report, please read About the BSS Examination and BSS Examination Report. If your examiner has not provided you a copy, please ask for one, or view the information at www.boatsafetyscheme.org/boat-examination/arranging-the-examination/about-the-bss-certificate

Examiner's comments linked to: BSSER-445953/22

Boat Name: Konti

Examination Date: 13/10/2022

Examiner: Ron Gooding

Check Items marked as required (R) are linked to navigation authority requirements and must be addressed in order for the boat to pass.

Check Items marked (A) are advice. The boat owner bears the responsibility for the safety of the crew concerning advice items. These will not prevent a boat passing.

'Additional Observations' (AO) are linked to potential risks identified by the BSS Examiner that are either not associated with any BSS Requirements, or may be identifying a future potential risk.
